

Why Should I Be Lonely? Jimmie Rodgers

C Dm
Oh the moon lights so bright makes me lonely tonight
G7 C G7
Everything seems to make me feel b-lue dear
C Dm
I'm down hearted now I'm lonesome somehow
G7 C
Cause you are proving untrue

D7 G7
But why should I be so lone-ly
C
Why should I be so sad

C
Though another is taking from me
D7 G7
The best pal that I ever had

C
She's taking the sunshine with her
Am F
And leaving the clouds for me
C Am
But why should I be so lone-some
D7 G7 C
When there's nobody lonesome for me

Why should I be so lonely, why should I be sad
Though another is taking from me the best pal I've ever had
She's taking the sunshine with her, leaving the clouds for me
But why should I be so lonesome when there's nobody lonesome for me
