You know these friends that you got

A

E

They gonna send your soul to hell

Don't you listen, don't you take nobody's advice

Don't you listen, don't you take nobody's advice

Keep on doin' what you're doin'

Keep it to yourself and keep it nice

You know my baby, took me by my hand

Now my baby, took me by my hand

Said baby keep on doing what you're doin'

You're doin' the best you can

That's the way, that's the way you please yourself

That's the way, that's the way you please yourself

Don't you listen to nobody

Don't you tell nobody else
